## **SFS receives Bosch Global Supplier Award**

**SFS has been honored with the Bosch Global Supplier Award from Robert Bosch GmbH. This is the eighth time and the second time in a row that SFS has received this award. In all, Bosch has given awards to 44 suppliers from eleven countries.**

For Bosch, a long-standing, important customer, SFS has developed, produced and delivered ready-to-fit parts for Bosch, for example for ABS systems. These parts meet high technical requirements and are delivered in large quantities and in outstanding quality at competitive prices.

At the ceremony, the supplier of technology and services has honored outstanding performance in the manufacture and supply of products or services – notably in the areas of quality, costs, innovation, and logistics. Bosch presented the coveted awards before an audience of some 100 representatives of the supply industry. The theme of this year's award ceremony was "Partners in success."

### **About SFS Group**

SFS is a leading global provider of mechanical fastening systems and precision components. SFS Group AG operates in the three segments Engineered Components, Fastening Systems and Distribution & Logistics, which reflects the respective business models.
